Brand New Book ***** Print on Demand *****.Excerpt from Labour Difficulties and Suggested Solutions: A Manual for Technical Students, Cashiers, Foremen, Departmental or Works Managers and Employers The present Manual is designed to introduce technical students - our only recruits in training to become captains of industry - to one of the most difficult problems they will have to face in their chosen career. Very little research has hitherto been done to solve problems whose human elements are much more various than those of chemistry. History fortunately provides us with problems sufficiently parallel to give the main direction of our search for a solution. This Manual, then, is mainly a series of semi-detached cases treated so as to expose a few general principles or rules in order to stake out a claim for man management to be given the status and attention due to a scientific study. A few cases thus discussed in a student's course will awaken interest in them, and furnish him with centres of growth and comparison for right treatment during his works career, so that afterwards he will readily...
