This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me). (Cale Hansen Sr.)

They content themselves with pointing the finger of scorn and viewing with alarm. How to determine for yourself what products you should buy to protect your pocketbook and health is not shown. In this book no names are named because a product may be good to-day and bad to-morrow or vice-versa. Manufacturers make changes without notifying the consumer....
